BLOCK DIAGRAM

KEY		
Block*	The fellow’s time on each rotation varies from 1-4 consecutive weeks and may be repeated throughout the year. On this diagram, “blocks” are depicted as 2-week rotations to reflect the total number of weeks a fellow will spend on any rotation during a given year.	
Site#		
Site 1	Northwestern Memorial Hospital	NMH
Site 2	Shirley Ryan AbilityLab	SRAL
Site 3	Jesse Brown VA Medical Center	JBVA
Rotation Key		
Adv Lung Disease ¹	Outpatient rotation in the pulmonary subspecialty clinics such as interstitial lung disease, pulmonary hypertension, asthma/COPD, etc.	
MICU 1 and 2 ²	Teams 1 and 2 are resident teams. Fellows also provide consultative care for other critically ill patients in the CCU, SICU, NSICU or CTICU.	
MICU 3 ³	Team 3 is an Advance Practice Provider team	
Sleep Rehab ⁴	Outpatient sleep clinic, sleep study interpretation, and consultations at SRAL.	
JBVA MICU, PFT, Consults ⁵	Rotation at the JBVA which includes MICU, PFT reading, and pulmonary consultations.	
Research/Elective ⁶	Fellows may choose additional elective time on rotations such as interventional pulm, pulmonary HTN, non-MICU ICUs, transplant, sleep rehab. Fellows who have met all of their clinical requirements may choose additional research time.	
Clinics		
Pulmonary Continuity Clinic	JBVA and NMH ½ Day, alternating weeks	All 3 years of training
Adult Cystic Fibrosis Clinic	NMH 8 ½ day clinics	2 nd Year of Training
Sleep clinic	JBVA 5 ½ day clinics	2 nd Year of Training
Elective Pulmonary Subspecialty Clinic	NMH Weekly for 6 months	3 rd Year of Training
